

STATE AND FEDERAL PARTNERS

TDEM VAL REPORT | Courtney Goss | 512-243-4337 | Courtney.Goss@tdem.texas.gov

- She will send updated an additional update & resource and support guide ***ATTACHED**
- 745 Boil Water notices statewide, which is serving a population of 1 million
- Only 30 drinking water systems are showing as un-operational
- **Donations needed: Water, canned protein, shelf stable meals, money; basic needed plumbing supplied list has been shared**
- Courtney reported that she anticipates holding long term recovery calls as soon as next week.
- iSTAT let's TDEM know and this is how survivors are self-reporting their data and keep promoting that, there are 24,667 total reports and 94% are residences (2,049 reported their home is destroyed or they can no longer live in their home
- 14,000+ no water and 18,000+ damaged pipes as well as over 2,000 cracked/damaged foundations
 - 844-844-3089, 8a – 8p, 7 days a week for those that cannot submit the iSTAT online
 - iSTAT Assessment located at damage.tdem.texas.gov (This helps to get your county declared for FEMA IA)
- We received an additional 18 counties to be declared (as of February 22), which are pending, as a total of 126 counties (people need to report their damage on the iSTAT)
 - Kharley Smith: The 18 counties include Atascosa, Bandera, Brooks, Duval, Eastland, Ector, Goliad, Howard, Jim Hogg, Karnes, Kleberg, Leon, Llano, Newton, Robertson, Trinity, Webb, and Willacy
- You can go to FEMA website and search the DR-4586 for Texas and you can download most current map, and you can check daily. *We will also supply this information on our TX VOAD site as well (txvoad.org)
- If your organization has blankets (*or needs blankets) please send an **email to Damian Morales** to compile a list for blankets or if you have blankets to distribute
- Category B has been approved, but Category A has not
 - This is all dependent on the pSTAT (Public State of Texas Assistance Tool)
 - This is on a county by county basis
 - Currently only Category B has been approved, which is emergency protective measures
 - Category A includes debris removal, which is not approved at this time
 - Crisis Cleanup had questions around debris removal and pick up and if volunteers organizations do that
 - *It's not typical that organizations would remove the debris, but there was one entity that did remove debris and that's not normal*

- For this February winter weather Public Assistance declaration was granted for Category B – Emergency Protective Measures Emergency Protective Measures are actions taken by a community before, during, and following a disaster to save lives, protect public health and safety, or eliminate immediate threat of significant damage to improved public and private property through cost effective measures.

TEXAS DEPARTMENT OF INSURANCE (TDI) | Falecia Rivers & Kenisha Schuster

- Kenisha Schuster – The Weather Channel named the Winter Storm Uri, not the National Weather Service because they do not name winter storms.
- Some insurance policies have a different deductible for named storms, but those higher deductibles shouldn’t apply because it’s not named by the weather service.
- They posted their flyer in the chat
- Falecia Rivers, Texas Dept. of Insurance (TDI), 512-676-6277, Falecia.rivers@tdi.texas.gov, www.tdi.texas.gov
